

# Wireframe for the Final project WT1207

## Home page

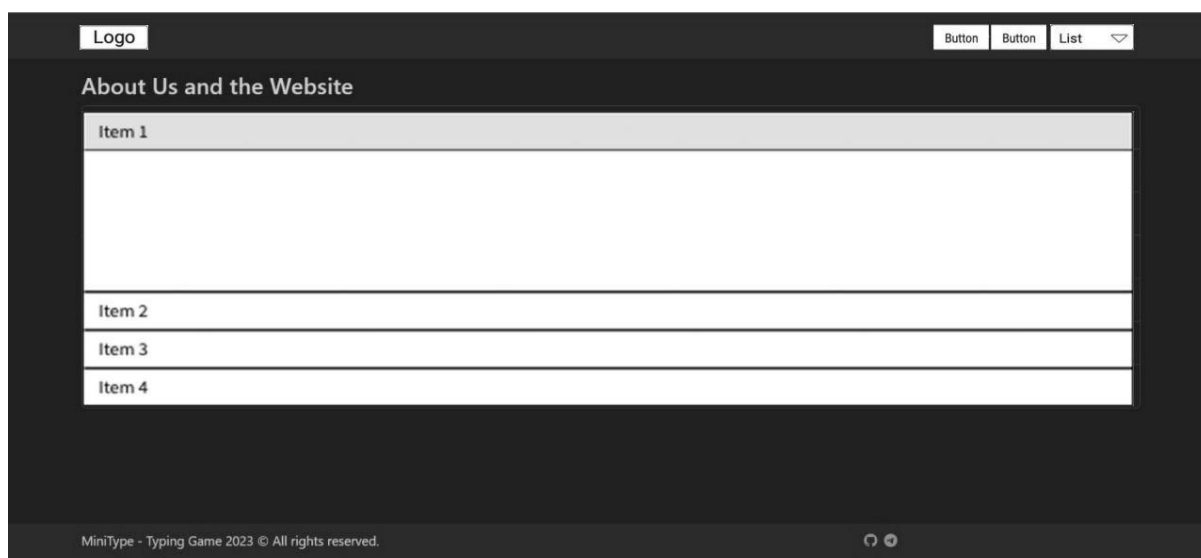

## Game page

The game page has a unique “JetBrains Mono” or just monospaced font-family.

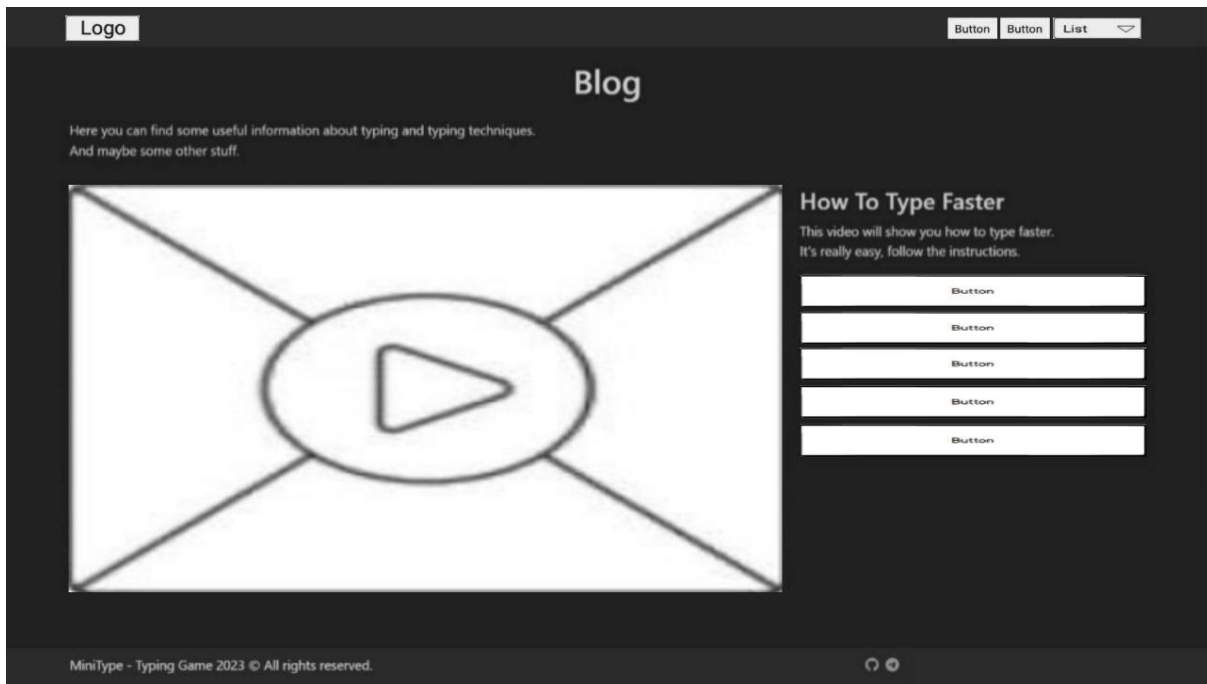

Also it uses minimalistic style to do not distract user from the typing process

## About page

It's a simple, yet informative page that explains why my project deserves to get 100 points!

## Blog page

This page contains posts of MiniType game's authors. For example, a video that provides all needed information to improve typing speed of the player.
